

# Call for Abstracts

## NFES – One Day Seminar

*Petrophysics contribution to maintain and prolong lifetime of oil and gas fields –*  
**Methods, Workflows, Tools, and Case Studies**

**November 1<sup>st</sup>, 2017 - Solastranden Gård, Stavanger**

Dear Colleagues,

The Norwegian Formation Evaluation Society, local chapter of SPWLA, is delighted to invite you to submit your abstract for our annual One Day Seminar. This year we will focus on the petrophysicist's contribution to maintain and prolong the lifetime of the oil and gas field's.

New technology and/or innovative interpretation techniques are prioritized. However, any formation evaluation (FE) acquisitions and/or related technology will be evaluated. The seminar will take place in Stavanger on Wednesday, the 1<sup>st</sup> of November 2017.

The accepted abstracts will be given a 30min. timeslot for a presentation with an additional 10min Q&A slot. No paper required and you may present your case study, well or field interpretation.

Please submit your abstract (max. 300 words)  
by Oct. 2<sup>nd</sup> 2017  
to NFES VP Program ([VP\\_Program@nfes.org](mailto:VP_Program@nfes.org)).
